## News: ACE and ADE merging

The Association for Decentralised Energy (ADE) and the Association for the Conservation of Energy (ACE) are merging.

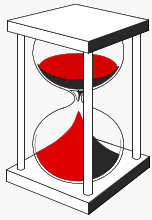

- Unified voice for decentralised energy solutions across the industrial, commercial, public and domestic sectors.
- The merged association will be known as the Association for Decentralised Energy with Dr Tim Rotheray continuing in his role as Director.
- ACE CEO Dr Joanne Wade will take the role of Deputy Director.
- The well-established research activity at ACE will continue to be offered under the *ACE Research* brand.

# The Warm Arm of the Law

*ACE aims to reduce overall energy demand to ensure a secure and sustainable energy future*

# The Warm Arm of the Law

## Aim

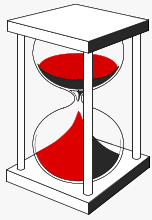

Effective implementation of Housing Health Safety Rating System (HHSRS) and Minimum Energy Efficiency Standards (MEES) to tackle fuel poverty in the private rented sector.

## Objectives

- Look at the strengths and weaknesses of HHSRS and MEES, looking at whether they can work in combination and take real action to improve the energy efficiency of the PRS.
- Identify current and planned practice, plus barriers to action.

## Outputs

Policy report, Local government toolkit, featuring case studies.

# UKERC: Policy Pathways to Justice in Energy Efficiency

Creating effective and fair energy efficiency schemes, across the UK, to meet the needs of disabled people and low income families with children.

## Workshops

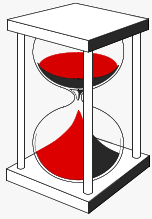

- Practitioners: 7<sup>th</sup> June, York
- Policy: 16<sup>th</sup> July, London

To attend, contact [kelly@ukace.org](mailto:kelly@ukace.org)

Project completion in September
