Ernesettle Community Solar

Plymouth's largest solar roof

INVESTORS

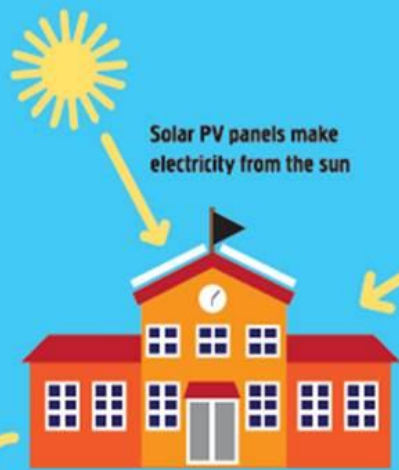

Investors earn up to 6% per year for 20 years and have a say in how PEC Renewables is run

Investors invest some money into PEC Renewables

**PEC
RENEWABLES**
NOT-FOR-PROFIT
CO-OPERATIVE

Solar PV panels make electricity from the sun

PEC Renewables installs solar PV panels and earns income from the Feed-in Tariff and electricity sales

Schools/businesses get cheap electricity

**Plymouth Energy
community**TM

Surplus funds from PEC Renewables are used by Plymouth Energy Community to give residents the power to transform how they buy, use and generate energy in the city

**KEEP YOURSELF
WARMER THIS WINTER**

SHOUT AND THE ENERGY TEAM CAN HELP OUT

Plymouth Energy Community (PEC) is a Community Benefit Society that can help you reduce energy bills and improve energy efficiency in your home. We aim to give Plymouth residents the power to transform how they buy, use and generate energy. Find out more at www.plymouthenergycommunity.com
